March 20, 2020

Dear Hamburg Central School District Families,

Erie County Health Commissioner, Dr. Gale Burstein, informed me that the person who was at Hamburg High School on March 9, 2020 and tested positive for COVID19 was not a member of our staff, nor was the person a student. Even though this person was not a member of our immediate Hamburg Schools Family, the recommendations from the Health Department do not change. You should follow all of the directions that I included in the letter that I sent last night.

In my conversation with Dr. Burstein, she reminded me that the Erie County Health Department believes that every person in Erie County should assume that we have been in the presence of a person who has COVID19. Please take all of the precautions that they suggest, especially washing your hands and practicing social distancing.

I will continue to communicate with you as the circumstances require.

Stay safe and be well.

Sincerely,

Michael R. Cornell
Superintendent of Schools
